A BILL

To amend the Dingell-Johnson Sport Fish Restoration Act with respect to sport fish restoration and recreational boating safety, and for other purposes.

1 *Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Sport Fish Restoration and Recreational Boating Safety Act of 2021”.

1 **SEC. 2. FINDINGS.**

2 Congress finds that—

3 (1) the Sport Fish Restoration and Boating
4 Trust Fund established by section 9504(a) of the In-
5 ternal Revenue Code of 1986 (referred to in this sec-
6 tion as the “Trust Fund”) was established in 1950
7 to provide dedicated funding for aquatic conserva-
8 tion and boating safety;

9 (2) the Trust Fund is a user fee-public benefit
10 system funded through motorboat fuel tax receipts,
11 import duties, and excise taxes on small engines,
12 fishing equipment, and electric motors;

13 (3) the Trust Fund provides nearly
14 \$650,000,000 annually for recreational infrastruc-
15 ture projects, coastal wetlands restoration, and boat-
16 ing safety and conservation programs in all 50
17 States;

18 (4) since 2010, more than 28,000 acres of habi-
19 tats have been restored and improved throughout
20 coastal wetland ecosystems, which not only serve a
21 critical role in conservation, but provide a significant
22 economic benefit to coastal communities;

23 (5) the recreational boating and angling com-
24 munity, as well as State agencies, recognize the sig-
25 nificant increase in the use of nonmotorized, human-
26 propelled vessels in recent years; and

1 (6) growth of the human-propelled vessel com-
2 munity has required the Coast Guard and State
3 agencies to use significant resources to address
4 human-propelled vessel infrastructure, boating safe-
5 ty, law enforcement, and search and rescue needs,
6 all of which are paid for by the Trust Fund.
